### Next Events

- Meeting Night Feb. 14 – 7:30 PM
- Annual Dinner March 16 – Lamb’s Farm

### From the Pres...

Thursday night brings us back to the Warbird Heritage Foundation for our regular meeting. I hope to see you there, because we have some special announcements to make about this year’s programs.

In fact, this month, we have the possibility of one, and maybe two, special events. Details are being worked out, and will be announced at the meeting. You won’t want to miss these unique opportunities.

Your Chapter leadership has spent time on putting together a series of programs throughout the year. This includes how-to sessions, guest speakers, and

off-site tours. We will distribute a calendar highlighting our programs and local aviation events so that you can plan ahead. Things do happen, and we reserve the option to swap dates for some events to accommodate our presenters. I would also like to take suggestions on what you would like to see and do. To help us in that respect, the member survey has been reprinted in this issue of Shorelines. We value your feedback. If you didn’t turn in your survey with your dues, please take a few minutes to fill it out, and bring it to the next meeting.

Our annual recognition is coming upon us quickly.

With last month’s trip to the Museum of Science and Industry, we neglected to promote our dinner. It will be at Lamb’s Farm, as usual, on Saturday, March 16. Page 2 has a form for reserving tickets. Please contact Dave Smith early so we can inform our hosts of the approximate number of members attending. Of course, you are always welcome to just show up and pay at the door. There is always plenty of food for everyone.

Speaking of the dinner, you note that the speaker is not identified. We are still working on a final commitment, but it will be interesting. Stay tuned!

### INSIDE THIS ISSUE

- 1 From the Pres
- 4 Annual Meeting Announcement
- 5 Membership Info & Survey
- 6 Contacts

Did I mention the trip to the Museum of Science and Industry we took last month? Hats off to Dan Feldman for putting this together. For many, it was the first time in many, many years since they had last visited the museum. Personally, I won't say my last visit was a long time ago, but I think Nixon was still in office.

The IMAX feature was a documentary of the 2010 Reno Air Race. It took us through the trials, preparation, and running of the unlimited class race. Probably the closest most of us will get to seeing what it looks like to round a pylon from the cockpit. A lot of fun. Below and elsewhere are some pictures from the trip.

Finally, I need to bring up dues. Thank you to all that have paid. You help keep the chapter solvent. For those that have not, please get them in as soon as possible. Remember, we are collecting all dues in the beginning of the year, now. Dave has made the calculations for those whose normal renewal date fell later in the year. The November Shorelines included your personal statement. If you have lost it, contact Dave Smith. See the contacts listing on page 5. All dues must be paid by March to remain in good standing.
